Delivering High-Quality, Light Assembly Solutions While Empowering Our Community

At Skyline, we focus on more than just assembly. We empower our employees to grow through meaningful work while delivering high-quality results to our clients.

By partnering with us, you're not just getting a reliable assembly solution, you're supporting a team committed to community impact, precision and excellence.

*Meaningful Work,
Measurable Results*

Industrial Services

What attracts companies to partner with Skyline Center, Inc. is our flexibility. We provide hand packing/assembly programs for our customers. We also customize our program to meet your special packaging needs. Bottom line – less costs for you – greater profit.

All-in-One Assembly Solutions

Light assembly, including large corrugated displays, packaging, labeling, kitting, sorting, or any specialized services.

Scalable to Your Needs

From small custom runs to full-scale production, we adapt to your volume and timeline.

Driven by Technology

Modern assembly lines, quality control systems, and real-time inventory and production tracking.

Certified for Confidence

GMP compliance, rigorous safety standards, and client-specific quality requirements.

“Terrific attitudes”
“great attention to detail”

NOTE: Several of our partner companies have integrated their own equipment into our facility and have trained our workers on how to operate the machinery.
